EIGHT HOURS LATER - Fire Chief W.J. Saucier sprays still smoldering fire gutted ruins of home belonging to Mrs. R.M. Preis at 910 South Beach. Fire started about 1:45 a.m. Friday and units from Bay St. Louis and Waveland answered call.

In City system

Rain lack causes pressure drop

No rain, no water. That's the problem facing Bay St. Louis right now and the city fathers have decreed a moratorium on all watering of lawns except between the hours of 7 and 9 a.m. and 5 to 7 p.m.

The problem's going to get worse before it gets better, says City Commissioner of Utilities J. Cyril Glover. With many more residents this year, the consumption of water for normal purposes is way up, he noted. No rainfall, other than a few sprinkles since late March, has accentuated the program.

To cope with the situation—the new water system and accompanying meters are installed next year—the water department will have to start shutting off the pumps at an earlier hour to give the reservoir a chance to fill. And when the pumps are cut off it means water pressure in most areas of the city will be next to nil.

The U.S. Weather Bureau at Mississippi Test Facility reports the last rainfall was .3 inch recorded April 25. During all of April only .6 inches of rain fell. To date in May, there has been none. MTF reports while conditions have been dusty they are excellent for pushing ahead with construction.

The early dry season has posed difficulties for the farmers although forest fires have been at a minimum with the dry timber, according to area forester Arthur Verdel.

On the brighter front, lack of rain has kept the mosquito population at a minimum.

Hold line on costs, say board trustees

Vocational training purchases, made under Title 3, received attention of County School Board trustees Tuesday when, meeting to clear accounts, it was discovered several non state approved items had been purchased for Hancock North Central.

A full board voted on the motion of trustee Eric Larsen calling for payment of state approved items with the remainder held in abeyance until D.J. Martin, vocational training teacher at the school meets with the board on Saturday.

All other accounts met with payment approval except those for transportation. School bus operating costs appeared high and it was decided to have supervisors personnel appear before trustees to explain such in greater detail.

Transportation costs also presented a stumbling block last month when trustees called supervisor Arthur Necaise before them to explain certain items submitted for payment. At that time a decision was reached whereby the board would decide on the necessity

Improvement terminates program

Because of the sustained improvement in employment here, Bay St. Louis' status as a redevelopment area was terminated May 10, the U.S. Department of Commerce has notified the Hancock County Chamber of Commerce, sponsor of the local area redevelopment program instituted in 1962.

Although this action will not affect the basic eligibility of any projects received by ARA prior to the termination date, ARA will scrutinize all pending projects and approve only those found necessary to maintain the area's strength, the department advised.

Continuing of the effort which began with the Overall Economic Development Program was urged. ARA noted that if the county is to continue in a strong economic condition, it must plan ahead to provide new jobs needed by young people entering the work force.

Scafile breezes in race

John A. Scafile brushed past his lone opponent, J.C. Schubert, to win nomination for a fourth straight term as mayor of Bay St. Louis in Tuesday's municipal Democratic primary.

The three incumbents will be the only ones to be voted on now, in the June 5 general election. Unofficial returns of the primary gave Scafile, one-time Tulane football great, 814 votes to 152 for Schubert, local barber. Counting of the ballots was completed in about 30 minutes and the municipal Democratic executive committee certified returns Wednesday.

City Hall calls for sewer, water bids

CISY DELAGETE - Stratton Poindester, son of Mr. and Mrs. David L. Poindester, will be second member of his family to attend Children's International Summer Village. His selection to attend village in Sweden this year was announced Tuesday.

Bids to build Bay St. Louis' sewer and water systems have been called for June 17—some 15 months after the \$3 million plus utility improvement program was authorized in a bond election in March, 1964.

The state board of health Saturday notified City Commission Council that approval of revisions in the sewerage collection system design had come from the U.S. Public Health Service, thus opening the way to take bids.

Specifications call for completion by September, 1966. City Commissioner of Utilities J. Cyril Glover disclosed that approval by the public health service of wage rates and scales for the construction had been one of the last-minute delaying factors. After the scales had been approved by the Housing and Home Finance Agency in Atlanta, it was learned that the health service also had to sanction pay rates. Those

Waveland backs United Gas plan

Street lights, natural gas and problems of subdivision promoters occupied Waveland's Mayor and Board of Aldermen at their two meetings during the past week.

Last Thursday night the board discussed United Gas Corp.'s two proposals to serve different areas of the county. R. Frank Nowlin, asst. district manager, represented the gas company.

Concerning United's application to serve Clermont Harbor, Lakeshore, Pearlinton and surrounding areas, the board said it would support, to the extent it could, United rather than Donnell Co. because it was favorably familiar with the larger firm.

It was a different question, however, when United's second application was brought up. Under this proposal United would serve all the county from two sections north of Kiln east and

100 civil cases listed on docket

About 100 civil cases, including contests over the Beat 4 seats on the county board of supervisors and school board, are expected to consume the bulk of time at the May term of Circuit Court which opens Monday.

A grand jury is not scheduled at this term but it is possible Judge Leslie B. Grant will empanel one Monday if there are sufficient presentments to warrant it.

Circuit Clerk Lamar Otis said Wednesday that only a few items for the grand jury are now listed. In addition there are six criminal cases held over from the January term which probably will be handled. Summons have been issued for men to serve on any juries necessary during the term.

Called for jury duty are: Beat 1—Charles Acker, Jr., Nathaniel Acker, James Prentice Asher, Loftin A. Carter, J.E. Casanova, Jr., Robert J. Duhon, Herman Haberle, Char-

Community relations group takes name

Hancock County Community Relations Council selected its name at its second meeting last Wednesday, held at Our Lady of the Gulf School.

Msgr. James J. Hannon reported on a meeting with the committee on anti-poverty previously held with directors of Hancock Civic Action Association, Inc. The latter group had filed for charter, since granted, to handle county matters under the federal anti-poverty program before the council first met. As a result of this meeting Msgr. Hannon reported two nominees of the community relations council had been named to the board of the anti-poverty

RECEIVES TWO AWARDS - Charles Flink received scholarship to Loyola University and Westinghouse Trophy, for research work undertaken, at St. Stanislaus annual awards banquet. Brother Hugh, president of college, makes presentation while Brother Phelan, principal, moderates.

Sports and scholastic awards made to St. Stanislaus students

Charles Flink headed the list of students receiving recognition at St. Stanislaus College's annual awards banquet on Saturday. He received a scholarship in physics to Loyola University and the Westinghouse Trophy for his research in the field of radio microwave transmission.

Honored by Andre Arceneux, Jr., the affair was moderated by members of the faculty including Brother Hugh, president, Brother Phelan, principal, Brother Neri, athletics; Brother Philip, student council; Brother Godfrey, photography; Brother Celestine, Rock-a-Chaw; Joseph Copley, and Brother Norman, band.

Billy Murphy, Anthony Pizalo and Harriman Morgan, sports. Other scholarship winners were William Francis, Duke University; Lenny Ascola, Loyola University; and John Scalfide, Jr., University of Mississippi.

Oscar Blaise was named as Magnolia Boys' State representative with Vincent Cuevas as alternate.

Student athlete of the year award went to Lenny Ascola, and football players Rusty Judlin and Mike Andrews captured the most valuable back and most valuable lineman awards respectively.

In the same group were basketball, Curtis Matherne, most valuable player; Rusty Judlin, best free throw; Vincent Cuevas, most improved; baseball, Curtis Matherne, most valuable; and Melvin Barrios, best hitter. Dale Burke won the most valuable track award.

Athletic medallions went to Ricky Caballero, basketball; Doc Rhodes, Dale Burke, Mike Andrews, Bill DeLaune and Larry Boudreaux in track.

Scholastic honors with highest average in all subjects, went to William Francis, Dale Burke, Stephen Attaya, Randy Morrison, Charles Taylor, Mark Schaal, Leo diBenedetto, and Julian Rose.

Band pins, won by the Rock-a-Chawettes from St. Joseph Academy were awarded Susan Aguzin, Elizabeth Lucici, Pat Jefferson, Janice Beale, Suzette Brown, Becky Agazin, Barbara Cruden, Nell Mond, Shirley Scalfide, Bonnie Hock, Jane Jefferson, Jeanne Lagasse, Jean McAllister, Dorcel Russell, Christine Sauer, Cynthia Thomas, Melissa Lucia and Phyllis Sauer.

Band letter, also won by the Rock-a-Chawettes to Susan Aguzin, Elizabeth Lucici, Craig Johnson, Russell Elliott, Alan Gobel, Charles Taylor, Rory McDowell, Joseph Rosato, George Kearney, Raymond Thomas, and Julian Rose.

Senior band awards were presented to John Scalfide, Has Smetans and Wallace Sangree.

Rock-a-Chaw school paper award was won by editor Frank Tugwell and photographer Murray Butler and Honor Roll jackets were awarded William Francis and Leo diBenedetto.

Haltily the effective next school year.

In the early other item of business president of the Board, Edward P. Ortiz, was given authorization to purchase for the system a 20 acre tract of land adjoining Gulfview School. This land, owned by Reginald Wilson of Lakeshore, is needed for the forthcoming school expansion program made possible by the recently approved bond issue.

Next meeting of the board is scheduled for Saturday.

City Hall...
(Cont. from Page 1)
figures have now been satisfactorily established, Glover said.

In late March the state and federal health agencies sent sewerage plans back to the city's consulting engineers, Owen and White of Baton Rouge, La., for redesign in the north-east section of Bay St. Louis. The result in the addition of two pumping stations and some line changes to increase the gravity flow.

The major revision occurred earlier, however, when the city was unable to secure land for two oxidation ponds as first contemplated, and the system had to be changed to one.

After bids are opened at 10 a.m. June 17, they must be tabulated and it may be several weeks before contracts are awarded. Glover said he understood that the new Bay High School project—being held up by state authorities until the city sewerage system is under way—will not be cleared until the city awards the sewer contract. It appears however that if the September, 1966, completion date can be assured the school job should be released shortly.

The water system improvements call for bids on 21 miles of lines to the existing system, about 2,220 water meters, two 250,000 gallon elevated water tanks and improvements to four existing wells.

The sewerage project calls for bids on 10 miles of gravity lines in the north portion of the city, 12 each in the middle and south portions; 10 pump stations, three miles of force mains and a 40-acre oxidation pond.

Because of the provisions of financing the bond issue, the engineers have suggested that for two months before the water meters go into effect householders receive sample bills so they can see how much water they have been using and adjust the needs accordingly. They will pay only the minimum amount in that sample period.

Until the contracts are let and the construction schedule determined, it will not be known when the new water and sewer charges will go into effect.

Ricky Caballero, Sylvan Ladner, Weldon Frommeyer, Ronnie Genin, John Espiau, Peter Panny, Nelson Saucier, John Leary, Michael Florie, Bertin Chevis, John Heath, Barry Favre and Robert Wood, mgr. Baseball awards were taken by: Ned Heath, two; Ned Heath, two; Curtis Matherne, four; Monty Rhodes, two; Doc Rhodes, four; Melvin Barrios, two; Ray Chiniche, four; Rusty Judlin, one; Eddie Boasberg, two and Ricky Caballero, one.

Baseball non-lettermen were: Barry Favre, Bert Chevis, John Heath, Ronnie Genin, Richard Meaden, manager; Stephen Rizzo, manager.

In the final category, track lettermen and their achievements were: Doc Rhodes, second district shot, Dale Burke, four; Mike Andrews, Bill DeLaune, and Larry Boudreaux, three years; William Allard, one year. (Last four, relay team, third in District 440 and 880).

Bond earnings approved for reinvestment

Discount of slightly more than \$10,000 has been realized by investing almost \$1,100,000 of bond money for the municipal school system, Trustees President Robert Hamilton told the school board Monday night.

Hamilton, who is also vice president of Hancock Bank, was authorized last month to invest the \$1,100,000 in short term government bonds. Payable July 15; the bonds were discounted at a rate comparable to 3.91 per cent interest, as opposed to the slightly less than 3.80 interest being paid on the bonds. The board directed Hamilton to similarly invest the \$10,000 plus dollars left after discounting the \$1,100,000.

Except for approving transportation and district maintenance dockets, the other item was a quick perusal of copies of the U.S. Department of Health, Education and Welfare's pronouncement on minimum integration requirements applicable school systems must meet before they can receive federal funds.

HEW's requirements, copies of which were distributed to trustees, include integration of a minimum of four grades for the 1965-66 school term. The Bay St. Louis Municipal School System's integration proposal, adopted at a special meeting last month, included integration of only one grade next year. If sustained, the federal agency will stop funds payable through it, unless a system at least integrates the first and 12th grades, plus one other in high school and one other below high school level.

Trustees did not discuss this directive but took copies home to study.

afternoon.

There were 966 votes cast, only two-thirds the number of the primary four years ago which involved a three-way race for major and opposition for the commissioners.

Scalfide polled 488 votes in the North Bay precinct and 326 in South Bay. Shubert got 74 votes from North Bay and 78 from South Bay. In 1961, Scalfide won with 975 votes to 335 for Russell Elliott and 94 for Burton Johnson. A total of 1,419 persons went to the polls at that time.

EIGHTH GRADE AT GULFVIEW - Nineteen eighth grade pupils at Gulfview School are to receive diplomas Tuesday evening. They are, from left, front row, Olga Asturias, Debbie Roberts, Patty Cuevas, Wanda Jordan, Linda Tenney, Audie Scufflet; second row, Barl Myers, Karen Poolson,

Linda Edmondson, Patricia Havard, Sharon Poolson, Karen Garcia, Barbara LaFontaine; back row, Warren Garcia, Teddy Duboss, Joseph Numnum, Mike Cave, Keith Barnes and Norvin Luxich. Entire program will be presented by graduating class.

LOGTOWN CANDIDATES - Members of eighth grade class at Logtown School slated to receive diplomas at exercises at 7:30 p.m. next Thursday, are, from left, seated, Cynthia McArthur, Doris Kirst, Kathy Necaise, Lynn Dean, Karen Dean, Diane Pullman, Dorothy Turner; standing, Keith Randall, Gary Bennett, Eddie Ladner, Rodney Wilkinson, George Landry, Howard Dawsey and Monnie Breland. Missing from photo is Wayne Long.

but hasn't the slightest idea who he is?

We're glad to report that Dora Simmons has returned home after spending some time in Hancock General and Ochsner Foundation for treatment of injuries suffered in a fall while playing volleyball in Bay High gym.

Seems as if a certain lassie with brown tresses is very happy about her Easter gift from her black-haired dream boat, huh, Krep?

Who is the young lady who presented Gary Noto with an enormous Easter basket?

Belated happy birthday wishes are on the way to Ellen McDonald who cut her 17th birthday cake on Friday, April 23.

Now going steady are Linda Ladner and Al Van Antz and Pat Griffith and Larry Laylock.

Pretty Donna Schindler is another who is wearing a diamond on third finger, left hand. She and Carlos Ladner plan to wed in October.

Marye Hoagland and Dave Carter had a wonderful time at the prom but not so much fun afterwards as Dave's automobile caught on fire as they were enroute home.

Sting ray lashes at city girl

Janet Crow, daughter of Mr. and Mrs. W.M. Crow of Com-magere Blvd., suffered severe lacerations of her right foot and temporary paralysis of her right leg Saturday afternoon after being stung by a sting ray while wading on the Municipal Beach.

Bay High classmate Sandra

Fillingame, who was with Janet at the time, dragged her into shore then took her home.

Janet was immediately rushed to Hancock General Hospital where Dr. A.K. Martinovich, Jr., performed emergency treatment.

Janet was back in school Monday feeling fine although

St. Stanislaus has new proxy

Bro. Hugh, S.C., president of St. Stanislaus College for the last six years, has been transferred to McGill Institute in Mobile as vice president, effective in the fall.

Announcement of the administrative transfers was made last week by the Brothers of the Sacred Heart.

Bro. Roland will return to Stanislaus in the fall to assume the presidency. He held that position until Bro. Hugh came here and has been serving since then as principal at Cor Jesu High School in New Orleans.

Appointment also was made known of Bro. Dacien, now at Catholic High in Dallas, Tex., as director of D'everaux Hall at Natchez, an orphanage operated by the order. Bro. Dacien has served several assignments at St. Stanislaus.

GRAND PRIZE STAMPS

KERN'S

It is with even more trepidation than usual that we begin the column. . . not many people can make an error before even beginning to write, but we've already goofed, having typed the date incorrectly to start off with. After trying to get one of our advertisers to sell ladies' handbags two for one dollar, due to a rather large mistake in an ad last week, we're feeling somewhat less than confident. Soooooo before going any farther, we'll apologize well in advance for what we're certain will be any number of boo boos!

Jinks by Gex

Despite the fact that the bikini modeller chickened out and the professional auctioneer got lost in transit, the buffet, dance and auction to benefit the Cancer Fund was a rip roaring success. Andre Arceneaux, having some practice as a female impersonator in the recent Womanless Wedding, came through and displayed the brief bit of swim wear in delicate fashion. Gerald Gex, fund chairman, who it seems can always earn a quick buck as an auction huckster, did well in peddling everything from travel posters to four year old calendars to electric razors, and other necessities of life, to a most appreciative audience. Some of the bidders included the Fred Hoaglands, Rhonda and Bob Whitson, Shannon and Tom Roseberry, Gerri and Charles Johnson, Peggy and Floyd Hepting, Nancy and Lucien Gex, Caroline Kelfer and daughter Laurie, Tom Logue, Chris and Norman Renshaw and others too numerous to mention.

Report on people

Speaking of benefits, upcoming Sunday at St. John's Catholic Church in Lakeshore is a shooting match and oops, we can't mention the term, but anyway a certain game will be played to obtain funds to help foot some of Jeff Fusich's hospital bill. Jeff, who is married and the father of two children had worked just one day on a brand new job at MTO when he was suddenly stricken with a terrible headache. Doctors at Ochser diagnosed it as being caused by a hemorrhage in his forehead. To date, due to the nature of the illness, an operation has been impossible and he's been on the critically ill list for almost three weeks.

Another newcomer is welcomed. . . Joe Collier, most recently of New York City, a native of upstate New York, and a retired Air Force officer, is employed at General Electric and making his home on Washington Street.

We're a little late but want to sincerely congratulate our good friends Mr. and Mrs. Hugo Satterlee on the celebration of their 50th wedding anniversary which took place on Wednesday, April 28. We'd hoped to drop in and wish them well in person, but that Wednesday was just as frantic as any other at the Rho, so we didn't make it.

Major Charles Harvey is planning well in advance for his annual trip 'home' to New York. He'll make the journey in November and join his six brothers to be present at the annual Harvey family reunion.

The most attractive Merice (Mrs. Marcel) LaNasa will be able to enjoy the LaNasa's lovely new Vacation Home as she's now on summer vacation from the New Orleans Symphony Orchestra wherein she is a violinist.

Official requests and thanks

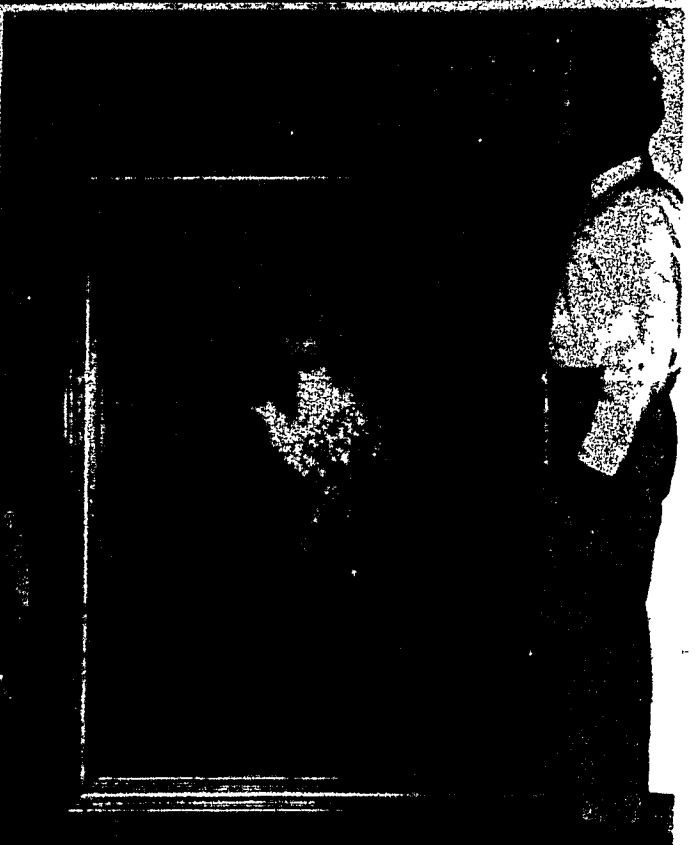

City Police station isn't exactly the most architecturally artistic edifice in town, but at least it's neat except for one rather large red bicycle, equipped with a fat leather seat and streamers on the handle bars. The vehicle was found over the weekend and Chief Lathon Garriga would be most happy if the rightful owner will claim same and take it away from the station!

And still on the subject of Bay St. Louis, Fire Chief Walter Sancier asks that we express his department's appreciation to Waveland volunteer firemen for their welcome assistance when Mrs. Pries' home burned early Friday morning.

This is sort of a vicious circle as the above leads us into more about WVFD. . . at last Friday's fire department meeting someone brought up the fact that funds were needed by Girl Scouts so every member kicked in a buck, as a result the troupe is \$16. richer.

Glad to note that Jimmy Lagasse and Bill Wood are both back on their respective jobs. Jimmy spent a couple of days in Hancock General last week and Bill has recovered from complications following a bout with pneumonia.

St. Clare's very active Holy Name Society feted wives and mothers at breakfast in the Parish hall after 11 a.m. Mass last

PROJECT FOR MOBILE - Robert J. Geiger displays oil painting of about 1830 era he has restored on commission from city of Mobile, Ala. It depicts Old Shell Road in that city in early 19th Century and is to hang in new Mobile museum. Restoration of oil, discovered in attic of old council chambers, required more than one year to complete.

Sunday. The ladies enjoyed bacon, eggs, grits, toast, juice, etc., but most of all the fact that the men even washed all the dishes! Terry Malone provided entertainment in the form of a talk and movie on the MTO space flight project.

Upcoming Sunday is the Holy Name Society's friend chicken dinner to be served from 11:30 a.m. 'til 2:30 p.m. which will also offer baked macaroni and cheese, salad, rolls and the like. Donation is a mere \$1.25.

Bottle bonus

Even though Dot and Dan Russell's pool isn't completed, Dot says some good has already come of the excavation. She's an avid collector of bottles (empty, of course) and son Brian spotted a bright blue bit of glass when diggers had reached a depth of about eight feet. Hastily they retrieved what turned out to be a lovely and obviously very old bottle in perfect condition, which now occupies a prominent spot on her display shelves.

Sum Mis Fits bowling league got underway last Thursday night with ten teams in competition. In addition to seven re-entering from Miss Fits winter league, three new teams, two from T.G. and Y. and The Artists, with Edith and Earle De Vries and friends from the Pass making up the foursome, filled all lanes.

The gentleman with the difficult last name, Herb Smith,

was a recent guest of Honor and Bob Whitson.

Mrs. L.W. Pearson spent several days last week visiting in New Orleans and Slidell. Daughter Shirley Whitlow apparently missed both mamma's company and mamma's cooking.

New fire exit

There are always problems around City Hall, but a very large one came up Friday on the arrival of the iron fire escape which is to be erected in the rear of the building.

The staircase, which must have weighed a couple of tons, came in on a long flat bodied trailer with one small colored man driving the rig completely without means of removing the mass. We are still a little vague as to how the problem was solved, but it now reposes on the ground behind the building. . . the next step, placing it in position, should be an interesting one to

Quality timber stressed during moot

The importance of growing high quality timber, and the control of wild fires, were emphasized during Hancock County Forestry Field Day, last Thursday at the Rocky Hill Tower attended by approximately 65 persons.

Taking part in the program were O. O. Swords, county agent; Julius Roumell, International Paper Co.; Robert Branton, St. Regis Paper Co.; Jimmy Therrell, Mississippi State University extension service forester; W.W. Graham, management forester from Mississippi Forestry Commission; and Arthur Verdel, area forester.

Sacred Heart juniorate to move here

Construction is now under way on St. Stanislaus College campus of a new Sacred Heart juniorate to house high school age boys who plan to enter the brotherhood. The 50 x 80 foot building with rooms for 15 boys and two brothers is being erected by Brignac and Burns, contractors, and is to be ready for occupancy in September.

The order have been operating the juniorate at Daphne, Ala., and that is now being converted to the provincial administrative residence.

The boys will attend regular classes at St. Stanislaus. Two brothers will be assigned here to supervise the program.

The juniorate will be located on Booker Street just to the west of the college dining room. Lots 1 to 19, inclusive, Block 132 of the plat of the Bay St. Louis Improvement Company's Subdivision of part of the Bay St. Louis Land & Improvement Company's First addition

University award won by lawyer

Nicholas McLeod Haas, son of Mr. and Mrs. J. Norton Haas of 120 Ramonda St., has been named winner of the Dean Robert J. Farley Award as outstanding graduate of the University of Mississippi School of Law for January 1965.

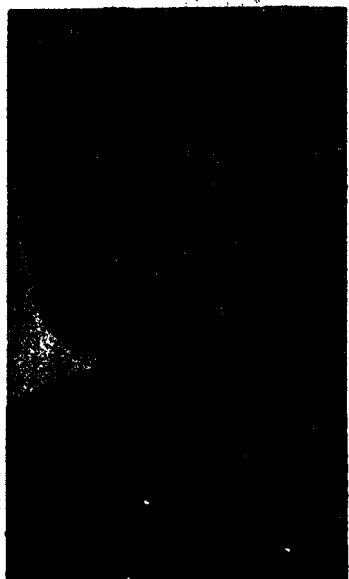

Citing Haas as number one from a graduating class of 20, W. Alton Bryant, vice chancellor, made the announcement during Honors Day ceremonies at Ole Miss Wednesday.

Miss Asher to be wed to J.W. Dillard

Mr. and Mrs. John Asher of Bay St. Louis announce the engagement of their daughter, Beverly Joan, to Joseph William Dillard of Pearlington.

The wedding is planned for 3 p.m. Sunday, June 20, at Old Spanish Trail Missioner Baptist Church.

Mr. Dillard, son of Mr. and Mrs. Don O. Dillard of Pearlington, is presently employed by Gulf Chevrolet. Both are graduates of Bay High School.

JOYCE FAY KENNEDY

Joy Kennedy is to marry Mr. Kitchen

Announcement was made this week by Rev. and Mrs. August Holden of Pearlington of the engagement of their adopted daughter, Joyce Fay Kennedy, to Jerry Kitchen of Hattiesburg.

The wedding is planned for 7:30 p.m. Friday at First Missioner Baptist Church of Pearlington.

Miss Kennedy attended both Logtown and Bay High School. Mr. Kitchen is a graduate of Hattiesburg High School and currently operates the Phillips 66 Oil Station in Pearlington.

The couple will make their home in Pearlington.

visiting son David, Lou Fernandez, Jay Jarbo, Shirley and Arch Whitlow, Shirley's parents, Mr. and Mrs. L.J. Pearson, Fran and Bob Lucas and Marie and Marvin Mancil.

The last mentioned Marie and Marvin were in dire need of some recreation having sold their Vacation Lane home on Wednesday and were in the process of taking possession of another on St. Joseph Street over the weekend.

Beau, Leslie and Laurie Gex, Nancy and Lucien's brood, are busily learning a sense of responsibility taking care of their new menagerie. Beau's hamster is christened Kilroy; Leslie named her turtle Oswald and Leslie's tropical fish are called Dog and Susie.

From my notes

Viola (?) Moore's classes at Seaside Ceramics on Coleman Avenue have turned up loads of fresh talent. Gerri Blanchard is shaping some really professional looking work. Now we're told that Louise Markey will teach sewing at the Parish Hall during the summer. We hope Kitty Mollere reads this... she's one of the most dedicated lesson takers of our acquaintance.

Mother's Day was, we suppose, enjoyed by most... Lottie (Mrs. Garfield) Ladner being one of the most mothered around Waveland. All eight of her children (complete with spouses and something like 24 or 25 grandchildren (we seem to have lost count) arrived, blessedly in more or less separate droves, bearing gifts ranging from a lovely summer frock to a toaster.

Taking his very first look at the Coast was tiny Michael Blair Orlin, Joan and Pete's brand new son. The threesome arrived here from Mineral Springs, Texas for a visit with Joan's parents Dot and Manny Hubbard and doting new uncles, Bob, David and Rickey.

Phyllis Seuzeneau and Pinky Baxter returned Sunday from a four day trip to Dallas, Tex. where Pinky visited J.C., and both 'girls' took in the big city.

FLASH - Noleen and Billy Breland have agreed on a name for their new son. He's to be christened Keith Nolan after, of course, proud grandpa, Nolan Ladner.

SIGHTS AND SOUNDS ALONG THE WAY - Clouds of thick gray dust rising in the air to help create oddly beautiful red orange sunsets; and

Marriage Licenses

Applications of local interest for marriage licenses issued during the last week by Circuit Clerk Lamar Otis are as follows:

Lovell Dorr, Pearlington, and Mrs. Eloise J. Stovall, Sildell, La.; Bernell L. Necaise and Peggy Ann Necaise, both of Rt. 1, Pass Christian; Jerry Jackie Kitchens and Joyce Faye Kennedy, both of Pearlington.

and demonstrations on Saturday at Keesler Air Force Base in Biloxi.

Eighteen different aircraft ranging from medium jet bombers to giant cargo planes, and helicopters to training planes, will be on static display.

A three-ship Navy helicopter demonstration team will be among key attractions as will a jet-assisted take-off by a Coast Guard amphibian.

Highlighting the aerial performances a flyover by two flights of jet fighters and a paratroop from a C-130 aircraft will take place.

The National Aeronautics and Space Administration will display a Gemini spacecraft and hanger five will house displays of electronic equipment.

Sports events, drill teams, band concerts and the 3380th Technical School's drum and bugle corps will form part of the day's activities.

Correction

Mrs. Woodrow Necaise of Lakeshore wishes to announce that the date of her daughter's wedding should read 11 a.m. Saturday May 15. Miss Faye Ann Necaise is being wed to Salvatore Michael Marrone.

the not so beautiful piles of debris littering thoroughfares, a silent memorial to recently departed weekenders and the deep toned croak of a bull frog, a sure sign of continued warm weather.

of Southern Mississippi, who will return to the Echo to work again this summer, has added another title to his collection, that of travelling lecturer. Hattiesburg High School journalism students were fortunate (?)—the question mark being Lucille's—enough to hear him lecture on How to Read a Newspaper. Quite a celebrity!

The great one's sister, Lucille, of course, celebrated her 15th birthday at a surprise party hosted by Ilona Marquez, Lisa Monti and Kathy Dahl at Cus's pool on Saturday, 1. Guests included Ann Penney, Helen Fayard, Kathleen Taylor, Holly Hayden, Beth Colson, Beverly Stechmann, Elaine Blatz, Carolyn Redding, Bonnie Parks, Mary Jo Herlihy, Janelle Sevier, Kathy Oliver,

seum, took in the lovely scenery of City Park, and after lunch saw My Fair Lady at the Saenger Theater.

Whenever, wherever you need lots of hot water...
get it quick with a flameless quick-recovery electric water heater! *
Hot water is a lot like the air we breathe... we take it for granted except when it isn't there. With a flameless electric quick-recovery water heater, you'll never run into this problem. Electric water heaters supply water faster than any other kind because one electric unit heats water at the bottom, another at the top. And electric water heaters are built to last. Modern laundry and dishwashing equipment require hotter water—up to 150 degrees. Only electric water heaters can provide this year after year, without shortening the life of the heater. Tank-type or table-top, there are plenty of models from which to choose at your electric appliance dealer's or Mississippi Power Company office.
*Installation of an electric water heater may qualify you for a wiring allowance and housepower panel.

It's Gulfview by 1 in Logtown meet

Gulfview School pupils edged out their Logtown hosts by a single point in a field and track meet last Friday. Coaches Oscar Brand of Logtown and Buck Price of Gulfview supervised action.

Top performance of the day was by Gulfview's Teddy Dubose in the broad jump with a leap of 18.3 feet in the seventh and eighth grade boys' competition. Karen Poolson of Gulfview triumphed among girls in that grade with a 14.5 jump. In the fifth and sixth grades, Boddy Dean of Logtown won the boys' division with 15.3 and Donna Shanefelt of Gulfview won the girls' with 13.9.

In the high jump for fifth and sixth graders, George Wainwright of Gulfview won boys' honors with 3.7 while Donna Shanefelt tied with Chris Bradford of Logtown at 3.5. Among seventh and eighth graders the girls with 3.10 and Rodney Wilkerson of Logtown paced the boys with 5.

In the all-Logtown 220-yard relay for fifth and sixth grade boys Ray Bradford finished first, followed by Tommy Steele, Stanley Moss and Bobby Dean. Jewel Carver led the girls, followed by Donna Shanefelt, Susan Lader and Chris Bradford.

Lakeshore copped both sub-ball games, the boys winning 7-6 and the girls 10-4. Winners in other events, fifth and sixth graders listed first and seventh and eighth last, were:

25-yard dash—Susan Lader, Bobby Dean, both of Logtown; Karen Dean of Logtown and Teddy Dubose of Gulfview; 50-yard dash—and 75-yard dash—Chris Bradford and Bobby Dean, both of Logtown; Pat Havard and Teddy Dubose, both of Lakeshore.

Trophies were awarded to winners in the team and individual events.

SPORTS BANQUET — Gathered at Hancock North Central Booster Club's annual athletic banquet at Poppe's Ferry are, from left, Eddie Pennington, coach Ezell Lee, Wendell Lader, coach Roland Lader and Kenny Randall. Standing is Hayward Lader, Booster Club president.

HNC athletes attend Booster Club banquet

Athletes representing each major school sport gathered to participate in Hancock North Central High School Booster Club's annual banquet on Friday at Poppe's Ferry.

Prior to congratulating the school's coaches and praising students for the past season's triumphs, Hayward Lader, club president, welcomed officials and guests.

Present for the occasion were: Hancock County School Board trustee and Mrs. Eric Larsen, County Superintendent of Education and Mrs. Robert F. Lader, Hancock North Central Superintendent and Mrs. J.D. Penton, Booster Club vice president and Mrs. L.B. Smith and club secretary Mrs. Verita Lader.

Speaking briefly after dinner, Penton urged the athletes to carry forth the name of Hancock North Central into the world and said this year's graduates would have the greatest opportunity of any group ever to graduate from their school. "Put your education first," said Penton, "and seek higher education in the technical or professional fields."

IT'S A HIT — Men's softball tourney slugger hits one towards stands during series played Sunday at St. Stanislaus Stadium. Trapani defeated CYO to take trophy. (Photo by Ed Fayard, Jr.)

CYO kneels to heavy Knock Knock knocking

Trapani's Knock Knockers knocked a few Texas leaguers, wore down three opposing pitchers and managed a 17-3 victory over CYO, to win last Sunday's men's league softball pre-season tournament at St. Stanislaus Stadium.

On their way to the top the Knock Knockers managed a few old fashioned belts when at bat to clobber Chateau Seu 3-2 and Southern Realty 4-3.

Ray Chiniche knocked the best knock of the day when, against Southern Realty, with bases loaded, he knocked a single in the seventh inning that brought two of his fellow knockers knock kneeling over the plate for the winning count.

Billy Murphy was winning pitcher, giving up a total of eight runs for the entire day's play, and Tommy Humphries was charged with the loss for Southern R.

CYO's wins were 6-0 against Jerry and Mary's Lounge and 7-1 over Travis.

Southern Realty in the day's closest games, beat Pearlington 7-6 after 10 innings and Travis in regulation time beat Lakeshore 6-3.
